Under African Skies-Paul Simon

```
[Verse 1]
C    F         C/G   G C   F        C/G    G
   Jo-oseph's face was  black as night
         C       F         C/G  G           | C F | C/G | G |
And the pale yellow moon shone in his eyes
      C     F   C/G     G         C                  F              C/G     G
His path was marked by the stars in the southern hemisphere
           C       F   C/G        G       | C F | C/G | G |
And he walked his days under African skies
```

```
[Chorus]
C             F         C/G       G         | C F | C/G | G |
  This is the story of how we begin to remember
C             F         C/G         G         | C F | C/G | G |
  This is the powerful pulsing of love in the vein
C         F         C/G          G          | C F | C/G | G |
  After the dream of falling and calling your name out
C               F                             C/G      G       | C F | C/G | G |
  These are the roots of rhythm and the roots of rhythm remain
```

   C F C/G G
In early memory
C F       C/G G
 Mission mu--sic
     C F    C/G      G        | C F | C/G | G |
Was ringing 'round my nursery door
        C     F   C/G    G
I said take this child, Lord
        C       F C/G  G
From Tucson, Arizona
                C       F          C/G
Give her the wings to fly through harmony
     G         C            F    C/G  G
And she won't bother you no more
```

[Chorus] then [Interlude]
