

BANJO

Whiskey in my Whiskey - Felice Brothers

chorus

I put some whiskey into my whiskey

I put some heartbreak into my heart

I put my boots on that old dance floor

I put three rounds lord in my .44

I loved a girl she was my sunshine

Her name was Eleanor from Caroline

She got fast with a friend of mine

At the dance hall lord on the county line

chorus

I put some whiskey into my whiskey

I put some heartbreak into my heart

I made my way across the old dance floor

I put three rounds lord in my Eleanor

I filled my glass with uncle jack

I'll lay my skin in my Sunday black

I'll make my bed on that railroad tracks

I'll leave this world lord and I won't look back

chorus

And I put some whiskey into my whiskey

I put some heartbreak into my heart

I put my boots on that old dance floor

I put three rounds lord in my Eleanor

I loved a girl she was my sunshine

Her name was Eleanor from Caroline

She got fast with a friend of mine

At the dance hall lord on the county line

chorus

And I put some whiskey into my whiskey

I put some heartbreak into my heart

I put my boots on that old dance floor

I put three rounds lord in my Eleanor

Repeat chorus

- Repeat last line (slow)
