

# Universe Song (the)

**PCS USED IN SONG**

"The Universe Song" by Eric Idle

Attention kids! Watch that potty mouth. The saying "bugger-all" in the last verse is a swear in U "none at all" or "not a speck", or come up with your own saying.

**Introduction:**  
(spoken)

Whenever life gets you down, Mrs. Brown  
And things seem sad or tough  
And people are useless, or obnoxious, or daft,  
And you feel that you've had quite enough...

**Verse 1:**

[G7]Just re-  
[C]member that you're standing on a planet that's evolving  
revolving at nine-hundred miles an [G7]hour  
and orbiting at nineteen miles a second, so it's reckoned,  
a sun that is the source of all our [C]power.  
Now the sun and you and me, and all the stars that we can see  
Are [A7]moving a million miles a [F]day  
In an [F7]outer spiral arm at forty [C]thousand miles an hour  
of the [G7]galaxy we call the Milky [C]Way.

**Verse 2:**

[C]Our galaxy itself contains a hundred million stars,  
it's a hundred thousand light-years side to [G7]side,  
it bulges in the middle, sixty thousand light-years thick,  
but out by us it's just three thousand light-years [C]wide.  
We're thirty thousand light-years from galactic central point  
We go [A7]round every two hundred million [F]years,  
and our [F7]galaxy itself is one of [C]millions of billions in this  
A[G7]mazing and Expanding Uni[C]versel

**Verse 3:**

[C]The universe itself keeps on expanding and expanding  
in all of the directions it can [G7]whiz,  
as fast as it can go, the speed of light, y'know,  
twelve million miles a minute, and that's the [C]fastest speed there is,  
So remember when you're feeling very small and insecure  
How a[A7]mazingly unlikely is your [F]birth,  
And [F7]pray that there's intelligent life [C]somewhere up in space,  
'Cause there's [G7]bugger-all down here on [C]Earth.
